

AgilityHealth® Org Baseline Jump Start

Roll out AgilityHealth® within a Portfolio or Line of Business to get a baseline across all teams (Agile, waterfall, business) and launch a continuous improvement program.

Participants: 50-300 Teams

Duration: 2-4 Weeks, 10 days of Delivery

Outcomes of this Jump Start:

- Establish a baseline of TeamHealth® (or other radars) across your teams to gain visibility into the current maturity and performance.
- Analyze patterns across teams and build team level, organizational and enterprise improvement plans.
- Enable self-learning by providing targeted recommendations for each competency through the Growth Portal.
- Engage leaders and managers in removing obstacles through Continuous Improvement Leadership Teams.

Jump Start Timeline:

Intended Audience: Directors, Managers, Agile Coaches, AgilityHealth Implementation Team, Team Members
